

# Case study

A personalized approach to your employees' health.

## About

Primary Health Partners is a predictable, accessible, cost-controlled healthcare solution for everyone on your team. We empower employees to make smart healthcare decisions. You'll have healthier employees, and a bottom-line impact you'll enjoy. Whether you have just 5 employees or hundreds, Primary Health Partners can offer healthcare that suits your needs.

One low monthly fee provides unlimited access for each employee to their doctor and the services we provide. Things like medications, tests, and lab work are delivered at wholesale costs.

## Happy, healthy, engaged employees

## Savings with Primary Health Partners

The data represented below is from Jan 1st, 2022 – Dec 31st, 2022. It encompasses 1,497 members utilizing the services offered at PHP. One of PHP's foundational pillars is to Change the Patient Experience. We do this through increased access and time with their provider and providing transparency of any financial arrangements. We also believe in restoring the provider-to-patient relationship. Our providers cap their panel to allow adequate time and access to provide high-quality, comprehensive care. Of the 6,740 encounters, 46% of these encounters were unscheduled. So, when we say 24/7 access to your provider, we genuinely mean it, and live it out.

PHP Number of Encounters	6,740
Claims Avoided (PHP Only)	\$1,689,776.33
Claims Avoided if 100% Engagement	\$2,262,607.48

### Encounters

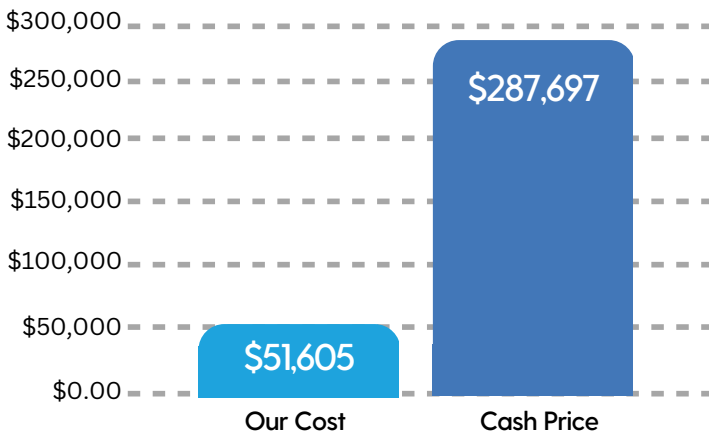

Encounters include in-person visits, virtual visits, and Spruce Communications.

	Value
In Person	\$564,199.75
Virtual	\$510,218.24
<b>Total</b>	<b>\$1,074,417.99</b>

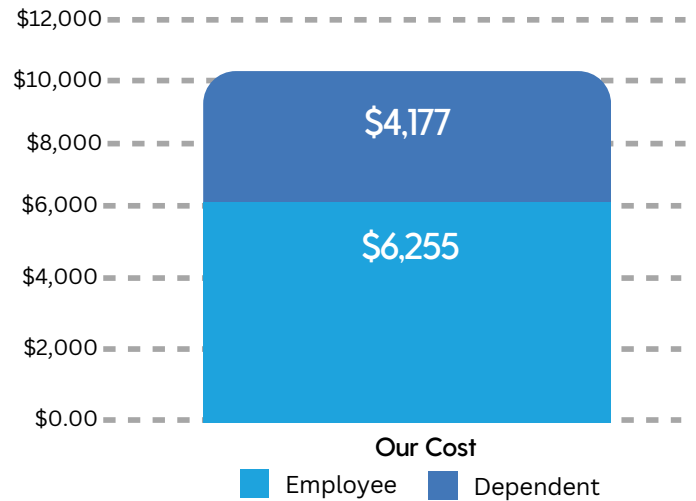

### Labs

Includes PHP and Affiliates who billed to PHP

Our Cost	Cash Price	Savings
\$51,605.56	\$286,697.56	\$235,092.00

### PHP Medications

	Employee	Dependent	Total
Our Cost	\$6,255.13	\$4,177.21	\$10,432.34
Count	621	450	1,071

# \$671,555.93 Savings

### PHP Services Provided

PHP Fees	Services Value	Savings
\$1,018,220.40	\$1,689,776.33	\$671,555.93

Amounts shown only reflect the services we can estimate a value to, there are likely more savings in avoided ER, Urgent care, and other services that have decreased on your plan since implementing DPC.
